

The U.N. is trying to broker a deal that will enable Ukraine's grain to be shipped from ports such as Odessa, but Russia has said it wants Western sanctions lifted as part of the deal. Twenty million tons of Ukrainian grain is stuck in Ukraine, at risk of being stolen by Russians.

What are we doing in this country? We are not producing the way we could in California. Waters are being shifted away from farmers, and so our own wheat crops in northern California are dying out.

The Biden administration must roll back the regulations that are making it hard for farmers in this country to do what they need to do to be a part of this world solution for food, as famine will soon be upon us, especially in the 2023 crop year.

#### TRAGEDY IN POTTSTOWN

(Ms. DEAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DEAN. Mr. Speaker, on Thursday, May 26, an explosion erupted in the tight-knit community of Pottstown, Pennsylvania, destroying two homes and, tragically, killing five people, a grandmother and four of her grandchildren, and also seriously injuring their parents.

Today, I want to remember Francine White, 67, and her grandchildren, Alana Wood, 13, Jeremiah White, 12, Nehe-miah White, 10, Tristan White, 8.

It is hard to paint a picture with words of the devastation of a home, the people who lived there and dreamed in it, reduced to rubble, a family gone, suddenly.

Now, there is a deep hole in Hale Street, and a huge hole is left in the hearts of their neighbors. They have made a vigil on their block and spent countless hours trying to make sense of the tragedy.

Pottstown, I know you have always been a strong community. You are Pottstown Strong. Know that I will be with you, with your neighbors, as we figure out how this happened to be sure it never happens again.

My prayers are with the family and the entire community of Pottstown. May their memories be a blessing.

#### AMERICAN PEOPLE ARE PAYING FOR PRESIDENT'S MISTAKES

(Mr. SMITH of Missouri asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Missouri. Mr. Speaker, the biggest challenge facing Missouri families right now is sky-high inflation. They know that President Biden and Washington Democrats have only themselves to blame for driving inflation to the highest level in 40 years.

Last month alone, inflation cost Missouri families an extra \$663. That is about the same as a monthly payment on a brand-new pickup truck.

Gas prices are the highest they have been, at over \$5 a gallon. The cost to fill up an F-150 is over \$150.

Families are paying more to put food on their tables, clothes on their backs, and gasoline in their cars. Milk is up 15 percent. Bread is up 14 percent. Bacon is up 18 percent.

Just yesterday, the Federal Reserve raised interest rates for the third time since March. This is yet another price increase for families, farmers, and small businesses.

The American people cannot afford to keep paying for President Biden's mistakes.

#### RECOGNIZING CONTRIBUTIONS MADE BY DREAMERS

(Ms. GARCIA of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. GARCIA of Texas. Mr. Speaker, I rise today to recognize the 10-year anniversary of the Deferred Action for Childhood Arrivals program, more commonly known as DACA.

Ten years ago, President Obama and Democrats reaffirmed America's tradition as the land of opportunity by creating DACA. Since that day, brave young immigrants, known as Dreamers, have provided massive contributions on their path to the American Dream.

DACA gave Dreamers a chance to do that, to dream big. It allowed them to use their talents, giving them a chance to seek higher education, work, and, most importantly, protection from deportation. They were there for us on the front lines, working as healthcare workers, all kinds of workers, to help us through the pandemic, and we thank them.

While we celebrate DACA as a significant temporary achievement for all of America, it is by no means a substitute for fixing our broken immigration system.

Mr. Speaker, I promise to continue our fight for comprehensive immigration reform so that we can finally keep families together permanently.

#### CELEBRATING DREAMERS ON DACA'S 10TH ANNIVERSARY

(Mr. RUIZ asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RUIZ. Mr. Speaker, as chair of the Congressional Hispanic Caucus, I rise today to call for immediate action to protect our Nation's Dreamers.

Yesterday, we marked the 10th anniversary of the DACA program with a relentless focus on our goal to provide a pathway to citizenship for our Nation's Dreamers.

Over the last 5 years, we have seen persistent attacks on DACA, and the need to act could not be more urgent.

You see, DACA has been a rocket booster for our economy. In my district

alone, Dreamers contribute nearly \$300 million in GDP. They are doctors, lawyers, essential workers, engineers, businessowners, and job creators. They make America stronger, and they shouldn't have to live in fear of deportation.

I call on 10 Republican Senators to do what is right: Support the House-passed bipartisan Dream and Promise Act, pass it in the Senate, and bring humanity back to our immigration system and restore American values.

To all the Dreamers who are watching, know that I celebrate you. I stand with you, and fight for you.

Estan en casa. You are home. Home is here.

The SPEAKER pro tempore. Members are reminded to address their remarks to the Chair.

#### RECOGNIZING NATIONAL PTSD AWARENESS MONTH

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to recognize June as National Post-Traumatic Stress Disorder Awareness Month. During the month of June, we raise awareness for those suffering from post-traumatic stress disorders.

After a trauma or life-threatening event, it is common to have reactions such as upsetting memories, increased jumpiness, or trouble sleeping. If these reactions do not go away, or if they get worse, you might suffer from PTSD.

PTSD is especially prevalent for those who have served in the military, affecting nearly 30 percent of Vietnam veterans and up to 20 percent of veterans who served during the global war on terror.

As a former rehabilitation specialist, I know firsthand the incredible strides individuals can make when they have access to appropriate rehabilitation.

PTSD Awareness Month is not only an opportunity to raise awareness about PTSD; it is also an opportunity to raise awareness about treatment options.

I applaud all the organizations that raise awareness about this important issue during June. There is help and support for those who have PTSD.

#### COMMEMORATING THE CENTENNIAL OF JAMES JOYCE'S "ULYSSES"

(Mr. NEAL asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. NEAL. Mr. Speaker, I rise today to commemorate the centennial of James Joyce's "Ulysses," arguably one of the great literary accomplishments in history. The time-honored epic was published in its entirety on Joyce's 40th birthday, February 2, 1922.

Born in Dublin and educated at University College Dublin, his words transcend countries across the world. The
